

Protective Packaging

Your First Call For Protective Packaging Solutions

PARTNERING POWER

Laminations helps you grow by providing the innovative protective packaging solutions you need, the reliability you want and the value-added partnering commitment you deserve.

Protect Products

Preserve Profits

VBoard® is a simple product that solves a wide range of packaging challenges. Made by laminating recycled paperboard into a rigid right-angle shape, VBoard provides edge protection as well as load containment, stabilization and uniform weight distribution. The variety of sizes, configurations and options available—as well as standard and custom printing—gives VBoard versatility, practicality and cost effectiveness that other products can't match.

On-Time Delivery

What You Need. When You Need It.

The Laminations guarantee: On time. Every time. We invest in facilities and personnel to expand our reach through our national distribution network—delivering what you need, when you need it, without compromising quality or service.

Hassle-Free Service

Always Available. Ready To Respond.

Our multi-tiered approach to service makes us responsive, knowledgeable and readily accessible. Every customer is assigned a sales team that consists of an outside Account Manager, an Inside Sales Partner and a Customer Service Representative dedicated to learning the intricacies of your business and unique packaging needs. We support each team's efforts with technologically advanced systems and equipment so we remain your first call for protective packaging solutions.

Print Options

Standard Print Options

Use your edge protection to communicate critical information by adding color and messages; standard print options are available in 23 color choices.

To the right are standardized branded messages available for use.

Customized Printing & Logo Program

Add your logo, promotional tagline, handling instructions, product code or other information to your VBoard or VGuard for extra visibility and brand impact. Simply provide us with a business card or digital file and we'll mock up a printed sample at no charge.

VBoard®

Made by laminating recycled paperboard into a rigid right-angle shape, VBoard provides edge protection as well as load containment, stabilization and even weight distribution.

VGuard®

A shorter version of VBoard, VGuard protects against strapping damage on palletized loads or stacked products.

Mega VBoard®

An extra-large version of VBoard, Mega VBoard is available in sizes up to 9" x 9" (2" leg minimum) and a variety of leg lengths and calipers.

IdentiBoard™

is a convenient way to identify pallets by SKU or other designation.

CautionBoard®

is printed with bold diagonal warning stripes that alert workers to fragile or hazardous products.

LibertyLine™

features a graphic of the Statue of Liberty and one of two messages: "Grown With Pride in America" or "Made With Pride in America."

CuttingBoard®

reminds pallet handlers to use special care when disassembling your palletized products.

VBoard XPress™

Laminations offers 24-hour, guaranteed shipping, of the most commonly ordered grades of standard VBoard and VGuard.

Engineered Solutions

Specifically Designed For Your Application

Our diverse offerings allow us to provide innovative protection solutions for products of nearly any size or shape—maximizing packaging effectiveness and your cost savings. For applications requiring specialized customization, our in-house team of Packaging Engineers and Designers give us the depth to respond quickly and accurately with quality protection that fits your unique needs. When alternate packaging options are developed and rigorously tested at our ISTA-certified facilities, then shared with you so, together, we can determine the best protection solution to meet your needs.

Extruded VBoard®

Durable extruded plastic is 100% waterproof. Available in VBoard, VGuard and FlexBoard.

FlatBoard®

Superior customized edge and corner protection for a wide variety of products that folds to fit any application.

FlexBoard®

Heavier-duty protection for contoured products.

FlexRoll®

Edge protection on a roll. Continuous-length roll with pre-bent for rolled/contoured products.

HydroShield®

Ideal for protecting products in humid and wet environments.

NotchBoard®

Effective corner protection. Features precise die-cut notches and scores that permit it to be hand-folded.

PalletTop Display™

The fast, inexpensive solution for easy-setup and easy-takedown shelving.

PerfBoard™

Enhances product stackability with the added convenience of perforated legs for fast, snap-off product layer separation.

PetroShield®

Features an engineered coating that keeps oil and grease on the product.

PF PalletTop®

Patented design forms a sturdy square or rectangular shape to fit tops, sides or bottoms of palletized loads.

QuikStik®

Features proprietary adhesive surface that holds long enough for you to wrap or band your pallet.

SURECrate™ System

Replacement for wooden crates that offers all the strength and protection with less material, labor and disposal.

UChannel®

Three-sided protection for windows and doors. Single-piece construction can be formed into custom sizes.

UCrate®

The ideal choice for long, narrow products.

VBoard / Clip Foam™

Added custom-fit foam protection.

Nationwide Coverage

Laminations has strategically positioned plants and stocking hubs across the United States. Our multiple locations allow us to serve customers expediently and cost-effectively.

Commitment to Recycling

All Laminations' paperboard products are made from recycled fiber, approximately 80% of which is post-consumer waste and 20% of which is pre-consumer waste. They are also 100% recyclable, and in some cases can be used more than once. Laminations' products provide protection with a minimum amount of packaging material, making them a natural choice for source reduction.
