

ScuffShield™ Abrasion-Resistant Coating Prevents Scratches

Protects Delicate Finishes During Shipping & Storage

ScuffShield™ takes the protective strength of VBoard® and adds an abrasion-resistant coating to protect delicate finishes from scuffing and scratches that can occur in shipping and handling. ScuffShield™ is the perfect edge protector for furniture and appliances. The interior legs of ScuffShield™ have a special abrasion-resistant coating that seals off the rough fibers of the paperboard, leaving a smooth surface against the product. The ScuffShield™ coating also can be applied to other Laminations® product offerings.

The coating gently cushions, grips and guards against surface damage during shipping, handling and storage.

ScuffShield's™ coating protects furniture finishes, including those that have been painted or stained, from abrasion during shipping and handling.

- Protect delicate finishes against scratches, abrasion, nicks and dents.
- Ideal for use in shipping and storing furniture, appliances, glass, plastic and other products with surfaces that can easily be damaged.
- Repulpable coating means ScuffShield™ is 100% recyclable.
- Can be printed with your company's logo or message.
- Outer layer available in clay or kraft
- Standard sizes available in lengths up to 300 inches.
- Choose from a wide variety of calipers.
- Leg length sizes range from 1.5" to 4".
