

Protective Packaging

Your First Call For Protective Packaging Solutions

PARTNERING POWER

Laminations® helps you grow by providing the innovative protective packaging solutions you need, the reliability you want and the value-added partnering commitment you deserve.

Protect Products, Preserve Profits

VBoard® is a simple product that solves a wide range of packaging challenges. Made by laminating recycled paperboard into a rigid right-angle shape, VBoard® provides edge protection as well as load containment, stabilization and uniform weight distribution. The variety of sizes, configurations and options available—as well as standard and custom printing—gives VBoard® versatility, practicality and cost-effectiveness that other products can't match.

Configurations

The VBoard® family of edge protectors offers the widest range of configurations available. VBoard® comes in equal leg lengths of 2.0 x 2.0, 2.5 x 2.5, 3.0 x 3.0 and 4.0 x 4.0 inches; offset leg lengths of 1.0 x 3.0, 2.0 x 3.0 and 2.0 x 4.0 inches; piece lengths from 2.5 inches to more than 24 feet; and calipers from 0.090 to 0.500 inches.

VBoard®

Made by laminating recycled paperboard into a rigid right-angle shape, VBoard® provides edge protection as well as load containment, stabilization and even weight distribution.

VGuard®

A shorter version of VBoard®, VGuard® protects against strapping damage on palletized loads or stacked products.

Mega VBoard®

An extra-large version of VBoard®, Mega VBoard® is available in sizes up to 9" x 9" (2" leg minimum) and a variety of leg lengths and calipers.

Print Options

Standard Print Options

Use your edge protection to communicate critical information by adding color and messages; standard print options are available in 23 color choices.

To the right are standardized branded messages available for use.

Customized Printing & Logo Program

Add your logo, promotional tagline, handling instructions, product code or other information to any of Laminations® paperboard products for extra visibility and brand impact. Simply provide us with a business card or digital file and we'll mock up a printed sample at no charge.

IdentiBoard™

is a convenient way to identify pallets by SKU or other designation.

CautionBoard®

is printed with bold diagonal warning stripes that alert workers to fragile or hazardous products.

LibertyLine™

features a graphic of the Statue of Liberty and one of two messages: "Grown With Pride in America" or "Made With Pride in America."

CuttingBoard®

reminds pallet handlers to use special care when disassembling your palletized products.

On its way in one day

Through VBoard XPress™, Laminations® can provide quick delivery of the most commonly ordered grades of standard VBoard™ and VGuard™. In most situations, orders placed during regular business hours will be scheduled for shipment the next day.

VBoard XPress™

Engineered Solutions

Specifically Designed For Your Application.

SURECrate® System

Replacement for wooden crates that offers all the strength and protection with less material, labor and disposal.

UCrate®

The ideal choice for long, narrow products.

UChannel®

Three-sided protection for windows and doors. Single-piece construction can be formed into custom sizes.

VChannel®

A flexible shipping option, easily converted into a UChannel®.

NotchBoard®

Effective corner protection. Features precise die-cut notches and scores that permit it to be hand-folded.

PF PalletTop®

Patented design forms a sturdy square or rectangular shape to fit tops, sides or bottoms of palletized loads.

Display-ready Packaging

Enhances your display stacking and strength.

PalletTop Display™

The fast, inexpensive solution for easy-setup and easy-takedown shelving.

FlexBoard®

Heavier-duty protection for contoured products.

FlexRoll®

Edge protection on a roll. Continuous-length roll with pre-bent pieces for rolled/contoured products.

FlatBoard®

Superior customized edge and corner protection for a wide variety of products that folds to fit any application.

PerfBoard®

Enhances product stackability with the added convenience of perforated legs for fast, snap-off product layer separation.

QuikStik®

Features proprietary adhesive surface that holds long enough for you to wrap or band your pallet.

Extruded VBoard®

Durable extruded plastic is 100% waterproof. Available in VBoard®, VGuard® and FlexBoard®.

VBoard®/Clip Foam™

Added custom-fit foam protection.

VBoard® Anchor

Holds VBoard® in place and protects corners of pallet loads.

PetroShield®

Features an engineered coating that keeps oil and grease on the product.

HydroShield®

Ideal for protecting products in humid and wet environments.

ScuffShield®

Abrasion-resistant coating prevents scratches and protects delicate finishes during shipping and storage.

PolyCoated™

Polycoated™ VBoard® vs. standard VBoard® with abrasion. Protect against corrosion, abrasion, oil and solvents.

Nationwide Coverage

Laminations® has strategically positioned plants and stocking hubs across the United States. Our multiple locations allow us to serve customers expediently and cost-effectively.

Commitment to Recycling

All Laminations® paperboard products are made from recycled fiber, approximately 80% of which is post-consumer waste and 20% of which is pre-consumer waste. They are also 100% recyclable, and in some cases can be used more than once. Laminations® products provide protection with a minimum amount of packaging material, making them a natural choice for source reduction.
