

# FLEXBoard® Edge Protection on a Roll

Conforms to any shape, fits any size!

**FLEXBoard®** is a flexible edge protection designed to protect curved, round and irregular-shaped products by conforming to their edges to ensure the material beneath does not get damaged during shipping and storage.

- Excellent for curved, round and irregular-shaped products.
- Constructed from durable laminated paperboard.
- Notched every 3" to allow conformity to almost any shape as well as a convenient guide for cutting and measuring.
- Especially useful in protecting coiled and spooled materials, rounded furniture and windows or any other curved product, from strapping and shipping damage.
- Available in lengths from 72" to 288".
- Calipers range from .120" to .180" for OD FLEXBoard® and .140" to .225" for ID FLEXBoard®.
- Leg length configurations are: 2"x2"; 2.5"x2.5"; 2"x4"; 3"x3" and 4"x4".
